## Special Recommendation:

### Pivnica Kraljevec

Cerska 22, 10361 Sesvetski Kraljevec, Croatia

#### Location/Coordinates:

45.818389, 16.183142

- near finish area of Middle Distance on Thursday 2021-08-26

- 2,5 km from Model Event on Tuesday 2021-08-24 / Wednesday 2021-08-25

The organizers recommend to the competitors who will attend Model Event(s) and Middle Distance competition to reserve catering in this restaurant and solve the main meal in the day in a very simple manner. This is the simplest solution and very good food in a place where orienteers are welcome.

It is a suitable place for accommodating a larger group of competitors, like a team arriving by bus. Excellent domestic food, buffet type. Possibility of special orders for vegetarian menu and dishes without pork. Maximum price for a daily menu, with a drink, will be around 60 Kn (7-8€).

Parking will be possible in vicinity of the restaurant for Model Event, but not on the day of Middle Distance competition (see Middle distance info.)

For Middle Distance event and Model Event catering order in advance, via google form, is mandatory. The organizer will then give you coupons. Payment in advance. If you arrive directly to a Model Event, you will get your coupon there.

You can enter a restaurant as an individual at any other times too, but for the days of events, please do register so the restaurant will certainly be prepared for you. The place is very busy, but therefore very good.

For any questions contact us via e-mail ✉ [vihor.entry@gmail.com](mailto:vihor.entry@gmail.com)

## Whereabouts:

### Arriving to Zagreb by Bus and Train:

The main railway station and international bus terminals are situated in the centre of Zagreb.

Bus: <https://www.akz.hr/en>

Train: <http://www.hzpp.hr/en>

### Transport from Airport:

ZET (Zagreb Electric Tram)

Bus line no. 290: AIRPORT ZAGREB - KVATERNIKOV TRG

<http://www.zagreb-airport.hr/en/passengers/to-from-the-airport/by-zet-bus/431>

Bus to the main bus station in City centre

<https://www.zagreb-airport.hr/en/passengers/to-from-the-airport/by-airport-shuttle/89>

Departures are scheduled every 35 minutes. First departure on weekdays and Saturdays from Kvaternik Square is at 04:20a.m. and on Sundays at 05:20a.m., while the last departure from Velika Gorica is every day at 00:15a.m. Check the costs: probably 6+6kn (≈2€), because there are 2 zones.

### Public Transport in the City of Zagreb:

ZET public transport: <http://www.zet.hr/>

It is recommended to buy one-time tickets for a single ride on newspaper kiosk. You can purchase a ticket inside the vehicle, but not recommended, because it is 30% more expensive.

The cheapest single ride ticket is only 4kn and it is valid for 30 minutes in one direction. There are also tickets for a single ride which are valid for 60 minutes (7kn) and 90 minutes (10kn). / 1€ ≈ 7.4 kn /

Taking a **daily ticket** is also recommended. A daily ticket for all city buses and tram lines costs 30kn (≈4€). Ask for "dnevna karta" = a ticket for a whole day.

A daily ticket can most commonly be purchased from a driver. It is valid for only for that particular date and it must be "punched" during the first ride.

### Taxi Services:

There are many taxi services in Zagreb. They are almost the same price. Use the approximate calculator and be aware of the price. Ask in advance for approximate price.

Online price calculator: <https://taxicijene.info/>

### **Currency and Payments in Croatia:**

The currency in Croatia is "kuna" (HRK). NOTE: If you pay cash, Euros are not accepted, except on highways!

Upon arrival you will need cash in "kuna" almost immediately (for taxi, public transport, parking machines...). Money exchange offices ("Mjenjačnica") are convenient everywhere, but most of them have working hours. Banks and post offices will also change money at about the same rate as exchange offices but their opening hours are shorter. You will pay a commission of about 3%. ATMs are convenient and reliable. Just look for the "Bankomat" sign.

Payment via debit cards or credit cards is acceptable almost in every store or a restaurant, but if you want to buy smaller things like ice-cream or drinks etc. you can only pay in cash in kunas (HRK = kn).

### **Weather Conditions:**

Climate in Zagreb and Karlovac is continental August is high summer, with the average temperatures rarely falling below 19°C or exceeding 33°C, but last couple of seasons the temperatures might hit higher than 35°C. August average nights are comfortable as the temperatures mostly stay below 19°C and the humidity is moderate. A thunderstorm once every 3-4 days can be expected, as well as it is possible to have a few rainy days in a row. An umbrella and raincoat are convenient to take care of the rain.

For precise weather forecast during WTOC check out the Croatian meteo service: [www.meteo.hr](http://www.meteo.hr)

Use sunscreen, since you can get very sunburned. Drink plenty of water, stay hydrated.

Use mosquito repellent on forest stages.

### **First Aid and Ambulance:**

A medical doctor will be present on every Stage at the finish area.

Competitors are not insured by organizer. Organizer takes no responsibility for any injuries or health issues that might happen or occur among the participants before, during or after competitions. Each competitor takes part solely on his/her own responsibility. Personal health and travel insurance policy is recommended.

In a case of a serious problem the Ambulance Emergency will be called. The common emergency telephone number is 112. It can be dialled free of charge from any fixed or mobile telephone in order to reach emergency services (ambulance, fire and rescue, police). There is also a direct number 194 for Emergency medical help. Emergency medical care in Croatia is provided for free to anyone requiring urgent attention. Any cost of possible later therapy must be covered by patients' personal insurance. In cases of therapy the European Health Insurance Card (EHIC) is valid in Croatia, but only for those who own it. Any costs that may emerge, and EHIC doesn't cover, shall be covered by a patient.

Please take your own safety pins for number bib. We will have certain amount of them in CC.

### Starting Order and WRE ranking

In Elite Classes M21E/ W21E - SEEOC National Team competitors will start before "Zagreb Open" Elite Classes because South East European Championship outranks WRE Event. Then both, SEEOC M21E/ W21E classes and "Zagreb Open" M21E/ W21E classes' competitors will start in order according to their WRE ranking.

### Late Starters

**WARNING:** There will not be a direct route to starting line for runners arriving late to the start. Anybody arriving late will be let on a course only when a marshal approves, probably on a vacant spot, and new starting time **will not** be granted. Only in case of a special complications an organizer may give a competitor a new starting time.

### Taking maps and giving them back:

At the start, each competitor takes the map at his/her own responsibility. Check it to make sure that the one with correct course was taken. There is a possibility that runners' maps **will be** collected after their finish, until the last runner has started ([Follow further info](#)). For other competitions you are kindly asked for fair play not to show your map to the runners who haven't

started yet.

### Map Exchange during the Race

There is a possibility that some categories will have a map exchange ([Follow further info](#)).

It is possible to rent SI-Card for 2€ per Stage. Upon renting you will be asked for 40€ deposit (per card) or a personal document (optionally), which you will be given back immediately after SI-card is returned.

Rented SI-Card will be withdrawn after the last Stage at which the competitor is registered.

If the SI-Card is lost by the competitor s/he must pay a penalty of 40€.

### Read-out of SI Cards

Read out of SI Cards is located near the Finish line for all Stages. Don't forget to read out the data immediately after you finish the race.

### Results

### SI Station Working and Control Placement Insurance

Use if Sportident fails:
R1
R2
R3

In the case of SI station on control not working the competitor must punch manually into his own map, on the place which is printed for manual punching.

The competitor then must warn the organizer and hand out a map with those punches to the organizers upon his finish.

Most of control flags will be guarded.

Organizer will put little papers around the control on the ground, with number of control point so only if the control point is **missing** take the paper with you and bring it to the finish.

### Vehicle Traffic on Courses

Forest terrains have no car-traffic, only minor non-paved vehicle tracks with rare traffic.

For Sprint stages most of the courses are without traffic, or only light traffic, but there are places which will be guarded by marshals due to heavier traffic. There will be mandatory crossings. Traffic will not stop at any time.

### Tents:

Clubs are allowed to pitch a tents on all stages, but only if not too big. Standard family and smaller club tents are allowed because space is very limited. In case of doubt consult with an organizer prior to arrival.

Tap water is good quality and drinkable all around Zagreb, Sesvetski Kraljevec, Karlovac and Krašić.

**Important note!**

There is no running water / tap water / for **all forest stages**. The competitors are advised to additionally bring their own water and drinks supply.

The organizer will put water by the finish corridor, but for drinking only. Be considerate in consuming, so there is enough for all the runners. **Please use water when provided by organizer sparingly and for drinking only. Do not use non-tap water or bottled water for showering and washing!!** This will depend on COVID-19 regulations. There is a possibility that organizer will **not be allowed to provide water refreshment on the finish (please read the final Bulletin before the race)**  
Larger water tanks for shower may be organized, but **follow further info**.

**Toilets:**

Sanitary cabins or toilet facilities will be provided on each stage.

**Clothing and Footwear:**

For Sprint stages metal studs (dub-spikes) are allowed but not recommended at all. Ordinary asphalt running shoes may be used, but best is to use good trail-running shoes.

**Baggage Transport:**

There will be no organized transport of baggage or clothes. Please, don't leave clothes on the start, except if there will be special instructions about it. In the case of very bad weather it will be possible to leave some clothes on the start, but you have to **follow further info**.

**Baggage Keeping During Competitions:**

Organizer will have a tent for keeping bags during the race on Stage in Zagreb Center and Stage in Karlovac, since those are crowded public spaces. Left baggage must be neatly packed and labelled (organizer's labels). Bags can be picked-up only with a matching bib-number.

The runners are asked to pick up their baggage when they finish the race. The organizer will not keep the baggage after the time limit of the race expires. **Follow further info**.

**There will be special event T-shirt and/or other stuff.**

You will have to pre-order. - [vihor@vihor.hr](mailto:vihor@vihor.hr) - more information soon on our web page or Bulletin 2

#### **COVID -19**

Due to COVID-19 pandemic there is a possibility that some special requirements will be on the Event. This will affect just some parts of the organising process. Most likely there will be no official opening ceremony and no official party. No face masks will be required during the competition (start - course - finish). Due to loosening of restrictions in the summer period we will be informing you accordingly in the next months. Life in Croatia is normal, all shops are working and there are no restrictions in moving around or any curfew hours.

## Tourist sites

Croatia is a tourist friendly country. A country so gorgeous even its stone walls are works of art.

Although small in terms of surface area, Croatia abounds in rich culture heritage. This is substantiated by UNESCO's World Heritage List with a registered 22 tangible and intangible goods in the Republic of Croatia. There is hardly a city or region where you will not encounter them. Find out if you are familiar with some of them already, and whether they are included on your list of things to see and try on your trip to Croatia.
